

IMPORTANT NEWS FOR PEOPLE WITH PSORIASIS

Do you currently have red, thicker patches of skin that may have silvery scales and often itch?

Do you currently have psoriasis patches on your body, arms or legs?

Dermatology Physicians of CT in **Shelton** is conducting a research study of an investigational medication for people with psoriasis.

Qualifications Include:

- Adults
- Must currently have psoriasis with red, thicker patches that may have silvery scales and often itch
- Must have psoriasis on your body, arms or legs

Qualified participants will receive study-related care and investigational medication at no cost. You will receive compensation for time. Health insurance is not needed.
